

THE DIFFERENT STYLE OF LEARNING

PHYSICAL (kinesthetic)

the child prefers using the body, hands and sense of touch to learn.

$$E=mc^2$$

LOGICAL

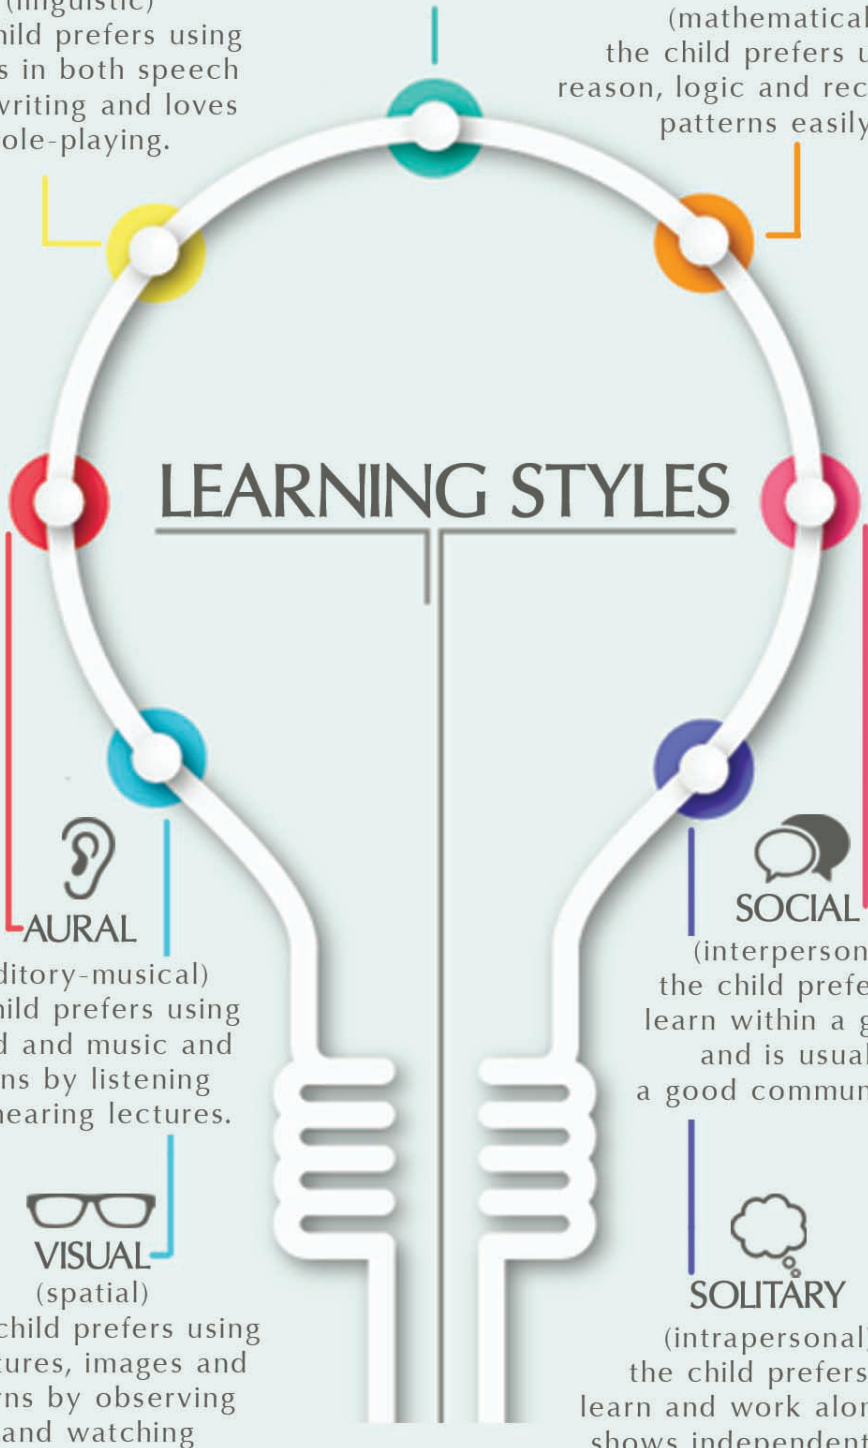

(mathematical)
the child prefers using reason, logic and recognizes patterns easily.

VERBAL

(linguistic)

the child prefers using words in both speech and writing and loves role-playing.

LEARNING STYLES

AURAL

(auditory-musical)
the child prefers using sound and music and learns by listening and hearing lectures.

VISUAL

(spatial)

the child prefers using pictures, images and learns by observing and watching

SOCIAL

(interpersonal)
the child prefers to learn within a group and is usually a good communicator.

SOLITARY

(intrapersonal)
the child prefers to learn and work alone and shows independent play.
