TO WHOM IT MAY CONCERN

This letter serves as a confirmation that, The Character Company (TCC) has worked with Akhona Teens Leadership Foundation in the rural Mpumalanga Region of Hluvukani. They have developed and rolled mentorship programs that support boys who are raised without male role models. Through our Foundation, they have also started a 'Mom Support' program that is geared to support mom who are single heading their households.

It is without hesitation that I recommend The Character Company for any development programs or funding opportunities you might have. They work with integrity and communities will benefit from their development initiatives

Do not hesitate to contact me, should you require further information

Ruth Mthabine (082 046 5191)

Director
